Docket No. T-03253A-96-0464 (Formerly: U-3253-96-464)

Dear Ms. Ferguson:

On August 26, 1996, US South Communications, Inc. d/b/a US South d/b/a INCOMM filed an application for a CC&N to provide resold intrastate toll telecommunications in the State of Arizona.

Upon review of the application, staff has determined that the applicant lacks sufficient financial resources. Therefore, the applicant must do one of the following:

1. Pursuant to R14-2-1105(D), the Applicant must maintain for a minimum of one year, an escrow account and/or surety bond equal to the total amount of any prepayments, advances, and deposits that the Applicant may collect from its customers as a condition of certification. If after one year, the Applicant desires to close the escrow account and/or surety bond, it must file information with the Commission that demonstrates the Applicant's financial viability. Staff will review the information and the Commission will make a determination concerning the Applicant's financial viability.

OR

2. The Applicant must file a letter stating that it does not currently, and will not in the future, charge its customers for any prepayments, advances, or deposits. If the Applicant is currently collecting prepayments, advances, or deposits, the Applicant must refund those charges to customers to avoid maintaining the above mentioned escrow account. If in the future, the Applicant desires to charge prepayments, advances, or deposits, it must file information with the Commission that demonstrates the Applicant's financial viability. Staff will review the information and the Commission will make a determination concerning the applicant's financial viability.
